Opis produktu

ASK about ULTRA Programming Kit !

2) MotoCrane ULTRA firmware must be updated via the ULTRA Programming Kit for compatibility. If you don't already own the ULTRA Programming Kit, you must add it during checkout.

100% developed in-house for precise arm control and intuitive user experience- the COMMAND Console is packed with features that help you focus on the shot. The LITE features a 5.3" full-color resistive touch display makes it easy to navigate between arm position viewing, configuring settings like Limits, and monitoring/self-diagnostics.

Features:

- Single two-axis joystick for controlling both Lift and Swing.
- LITE version features a compact design for operating in confined spaces.
- Solid 6061-T6 chassis construction.
- Analog potentiometer adjustments for Speed.
- Ships with NEW Firmware v1.5 Update featuring ULTRA Compatibility.
- Store up to 3x Limits Profiles.

SHIPPING NOVEMBER.

*Any orders received from non-ULTRA customers will be cancelled/refunded.
