Opis produktu

The ALTA Flight Pack is a high energy density lithium polymer battery pack designed for the Freefly ALTA aerial platform. Power your ALTA multi-rotor with batteries designed specifically for the system and recharge rapidly using an EC5-enabled LiPo battery charger, available separately.

Specs

- Battery Type: Lithium Polymer
- Capacity: 12Ah
- Voltage: 22.2V
- Connector: EC5
- Max Continuous Discharge: 15C
- Max Burst Discharge: 30C
- Max Charge Voltage: 4.2V per cell
- Minimum Discharge Voltage: 3.0V per cell
- Dimensions: 190mm (L) x 73mm (W) x 55mm (H)
- Weight: 1600g
