## Opis produktu

Freefly ALTA Flight Pack - 16Ah  
The ALTA Flight Pack is a high energy density lithium polymer battery pack designed for the Freefly ALTA aerial platform. Power your ALTA multi-rotor with batteries designed specifically for the system and recharge rapidly using an EC5-enabled LiPo battery charger, available separately.

## Specs

- Battery Type: Lithium Polymer
- Capacity: 16Ah
- Voltage: 22.2V
- Connector: EC5
- Max Continuous Discharge: 15C
- Max Burst Discharge: 30C
- Max Charge Voltage: 4.2V per cell
- Minimum Discharge Voltage: 3.0V per cell
- Dimensions: 190mm (L) x 75mm (W) x 63mm (H)
- Weight: 2000g
