Opis produktu

MōVI Pro Lens Motor Cable

This lens cable features custom cable which is ultra thin and flexible for the most difficult camera installations where wire routing is challenging. It features a Molex Microfit connector on one end, and a LEMO 1B 7 Pin on the other end. With 3 of these cables users will be able to control 3 motors, one for Focus, Iris, and Zoom from the MōVI Controller.

Features

- Custom high flex, lightweight cable
- 7 pin 1B straight lemo connector for Motor side
- Molex Microfit connector on MōVI Pro side
- 400mm (15.75in) cable length
