Cena brutto	1 353,00 zł
Cena netto	1 100,00 zł
Dostępność	Dostępny w sprzedaży
Producent	Freefly Systems

Opis produktu

XL lens support allows users to rigidly tie the lens into the dovetail plate. This helps to ensure adequate performance with lenses that are sloppy / lack rigidity. The lens support mounts to the 19mm rods and features adjustable lens mounting blocks to adapt to your specific lens mount. The lens support can adjust left / right and up / down to ensure maximum flexibility in mounting.

Features

- 19mm tube mounts
- Adjustable 15mm lens mount post has 10 mm of right/left adjustment range
- Can mount to lenses with 1/4 20 and 3/8 lens mount threads
- 6061-T6 black anodized lightweight aluminum design
- Optimized for maximum rigidity with minimum weight
- Adjustable clamping levers
