### Opis produktu

iPads are becoming better and better displays, so we wanted to make a secure way to attach one to your camera rig.

The Freefly Tablet Clamp features a double clamp system so you can make sure your device is locked in and ready for shooting. Padded silicon contact points ensure nothing gets scratched, while the wide, reinforced base keeps things stable.

Pair it with the [Freefly Adjustable Accessory Mount](#) to adjust your viewing angle without tools.

Adjustable for iPads of all sizes, the 1/4"-20 threaded base makes it easy to mount wherever you like, and also includes anti rotate holes for ARRI standard pins.
